Art Welcomes Inclusion through Innovative Technologies

Today advanced technologies offer extraordinary opportunities both in terms of production and distribution of innovative content, in terms of the protection and enhancement of cultural heritage, and in terms of accessibility. In April 2023 it was time to meet up with partners in Trani, Italy.

PARTNERSHIP'S DESIRE TO TRAIN
PERSONNEL IN THE DIGITAL-TECHNOLOGY
FIELD, ABLE TO MAKE THE USE OF CULTURAL HERITAGE
MORE ACCESSIBLE

*The results are almost completed and
we start introducing them to public*
